SECTION 1. BACKGROUND

1.1 Introduction

Atwater is a city on State Route 99 in Merced County, California. Atwater is 8 miles (13 km) west-northwest of Merced. The city has a total area of 6.1 square miles.

1.2 Statement of Intent

The City of Atwater (City), through the Public Works Department, seeks to retain the services of a professional engineering firm, licensed in the state of California, for the analysis and design of the rehabilitation/replacement of Applegate Wastewater Pump Station within the City of Atwater.

The Applegate Wastewater Pump Station is located on the northeast corner of 1501 Sycamore Avenue in the southeastern part of the City. The Applegate Wastewater Pump Station has a 12-inch forced main as well as an 8-inch forced main and discharges from the pump station, down Railroad Avenue to a manhole approximately 300 feet east of the pump station.

The equipment at the Applegate Pump Station is antiquated and in poor condition. The station needs a complete rehabilitation or replacement to meet current health and safety standards. There is also a need to have an emergency discharge point that will prevent the closure of Applegate Road.

1.3 RFP Organization

This RFP consists of six Sections and three Attachments:

- Section 1: Background
- Section 2: Project Overview
- Section 3: Procurement Process
- Section 4: RFP Submission Requirements
- Section 5: RFP Evaluation and Selection
- Section 6: Conditions for Respondents
- Attachment A: Definition of Terms
- Attachment B: Insurance Requirements
- Attachment C: Draft Professional Services Agreement
- Attachment D - Certificate of Compliance with Labor Code § 3700
- Attachment E: Project Background Documents (As-builts)

The contents of the RFP Attachments take priority over any conflicting statements in the RFP Sections.

Certain project background documents are being made available as Attachment E (Project Background Documents) for the purpose of preparing RFPs. The City of Atwater is providing these documents only for the purpose of obtaining RFPs for the Project and does not confer a license or grant for any other use. The extent to which the Consultant may rely on such background documents is set forth in Attachment B (Draft Professional Services Agreement).
SECTION 2. PROJECT OVERVIEW

2.1 Project Scope

The Applegate Sewer Pump Station will require the selected consultant (Consultant) to conduct assessments of the pump station and emergency discharge point, design alternatives, perform detailed design, prepare bid documents, and provide bid support services. At 10% of the design Consultant shall provide three (3) design options:

1. Submersible Pumps with above ground controls
2. Below Grade Motors and Pumps (existing)
3. Above Ground Motors and Pumps

Below is the flow information for the existing facility:

Average Flows are taken from City Standard S-11 and S-23. Calculated flows for design purposes may be higher than actual flows.

**Data Acquisition**

Obtain and review manufacturer's data for the existing lift station, pump curves, condition of electrical service, wiring diagram and other pertinent data.

Perform a flow meter test (7 days) at the two upstream manholes to obtain the operational cycle and wastewater demand through the lift station. The temporary flow meters and recording instruments will be provided and installed by the Consultant. A summary report will be prepared indicating the sewage flow range and trend usage.
Lift Station Analysis and Design Recommendations

Perform an analysis of the existing lift station utilizing the acquired data. The analysis will focus on identifying the lift station performance deficiencies. Design recommendations will be prepared based on the final analysis, but they will likely focus on one of the following scenarios:

1. Sewage pump rehabilitation
2. Sewage pump replacement/rehabilitation and electrical service reconditioning
3. Lift station and electrical service replacement
4. Equipping with auxiliary power and/or SCADA monitoring equipment.

Prepare a design recommendation report, including opinions of portable construction cost, and submit to the City of Atwater. Depending on the outcome of the analysis and approval from the City, prepare documentation for additional services to proceed with construction plans and specifications. Three draft copies of the report will be submitted to the Client for review and comment, with two final copies submitted incorporating comments.

Additional Services

Provide the following additional services upon request of the City of Atwater and execution of a written specific authorization signed by the City Manager, setting forth applicable scope, fee, and amendment to the contract.

1. Preparation of plans and specifications for the lift station rehabilitation or replacement based on the design recommendations.
2. Construction phase services.

Consultant shall be entitled to rely upon the accuracy of data and information provided by the City of Atwater or others without independent review or evaluation unless specifically required in the Scope of Services.

Consultant shall complete the project within 60 calendar days from the execution of the Agreement and the Notice to Proceed.

- Description of the project showing relevance to this Project
- Names of firms and Key Personnel that participated in project and are included in this RFP, along with a clear description of the roles and responsibilities of each

In addition, a one-page summary table should be provided to cross-reference the Project Team (firms and Key Personnel) with participation in the reference projects.

4.3.6 Part 5 - Safety
Provide a summary description of the Consultant’s corporate safety program and include safety statistics or records indicating categories of accidents and their incidence or frequency rates for the past five years. The following safety records must be provided for the Consultant’s for the current and past five years:

- The experience modification rate (EMR) calculated by the National Council on Compensation Insurance or similar rating bureau. (The EMR is also referred to as the experience modification rating, experience modification factor, experience modifier or X-mod.)
- The days-away-from-work injury incidence rate. A day-away-from-work injury is an injury that prevents an employee from returning to his or her next regularly scheduled shift. The incidence rate is calculated by multiplying the number of days-away-from-work injuries for the particular year by 200,000 and then dividing the product by the person-hours worked for that year.
4.3.7 Part 6 – Project Approach

- Discuss how key risk factors will be identified and mitigated.
- Project specific safety plan.
- Project specific quality plan.
- Schedule.

SECTION 5. RFP EVALUATION AND SELECTION

5.1 General
The RFPs will be reviewed and evaluated by the City of Atwater’s selection committee (with assistance provided by outside advisors if desired by City of Atwater) according to the requirements and criteria outlined in this Section 5. During the RFP evaluation process, written questions or requests for clarifications may be submitted to one or more Respondents regarding its RFP or related matters. Failure to respond in a timely manner to any such questions or requests may be grounds for elimination of the Respondent from further consideration. In addition, the City of Atwater may require that all or a limited number of Respondents participate in interviews.

5.2 Responsiveness
Each RFP will be reviewed to determine whether it is responsive to the RFP. Failure to comply with the requirements of this RFP may result in rejection of the RFP as non-responsive. At its sole discretion, however, the selection committee may waive any such failure to meet a requirement of this RFP and may request clarification or additional information to remedy a failure.

5.3 Minimum Qualification Requirements
Each responsive RFP will be reviewed to determine whether it meets the Minimum Qualification Requirements outlined in this subsection. At its sole discretion, the selection committee may waive any failure to satisfy such requirements and may request clarification or additional information to address any questions that may arise in this regard. Any RFP that does not satisfy all the following Minimum Qualification Requirements may be rejected.

- **Material adverse condition.** The Consultant must not be subject to a material adverse condition, such as pending litigation, insufficient liquidity, weak operating net income or cash flow, or excessive leverage, that gives rise to reasonable doubt concerning its ability to continue to operate as an ongoing concern, to provide performance bonds or insurance, or to maintain sufficient financial strength to undertake and successfully complete the Project and to mitigate/absorb Project risks.
- **Licensing and registration.** Each firm must be licensed in California for the type of work to be performed. The Designer must include in responsible charge a civil engineer registered in California.

- **Design experience.** Within the past 10 years, the Designer must have successfully completed the design of at least three analysis and design of rehabilitation/replacement of Wastewater Pump Station projects for municipal clients in the California.

### 5.4 Comparative Evaluation Criteria

The selection committee will evaluate and rank the responsive RFPs that satisfy the Minimum Qualification Requirements by applying the weighted comparative evaluation criteria set forth below. Financial condition is evaluated on a pass/fail basis as part of the Minimum Qualification Requirements.

- **Experience and capabilities**
  - Consultant/other firms 30%
  - Key Personnel 30%
- **Organization, management and safety** 15%
- **Project approach** 20%
- **Local Business Preference** 5%

### 5.5 Selection Criteria

- Proposed Work Plan and Approach.
- Familiarity with policies and procedures related to the work effort.
- Quality and completeness.
- Relevance and conciseness.
- Qualification relating to design of wastewater pump stations
- Qualifications and experience of staff.
- Completion of similar projects and references.

### SECTION 6. CONDITIONS FOR RESPONDENTS

#### 6.1 Ineligible Firms and Individuals

The following firms and individuals are serving in an advisory capacity to the City of Atwater for this Project and are therefore not eligible to assist or participate with any Respondent that submits an RFP for the Project.

- **VVH Consulting Engineers**
6.2 Conflict of Interest

Each Consultant submitting an RFP is responsible for determining whether or not its participation or the participation of other Project Team members in the proposed Contract constitutes a conflict of interest or a potential conflict of interest under California Government Code Sections 1090 or 83111-83116, or other applicable law. Each Consultant must investigate and manage any potential conflict of interest as part of considering whether to submit an RFP and when assembling its Project team. Given the complexity in determining the existence of a conflict of interest, it is difficult to generalize about what facts might, or might not, result in a conflict of interest. Accordingly, the following are intended to be general guidelines that potential Respondents should treat solely as a starting point in their analysis:

- Any person or firm who substantially participated in the preparation of this RFP package, or any material element thereof, is prohibited from participating in the preparation of a proposal by, or otherwise being a part of, any Consultant responding to this RFP.
- A Consultant is prohibited from including as a member of the Project Team or otherwise using on this project any person who substantially participated in the preparation of the RFP, or any material element thereof.
- The prohibition set forth in the two preceding bullet points is generally not intended to apply to a person or firm who prepares a foundational report or study, such as a master plan, soils report, or environmental clearance document.

The existence of such a conflict of interest is a basis for City of Atwater to disqualify a Consultant’s participation in this RFP process. If the City of Atwater determines that a Consultant is disqualified because of the existence of such a conflict of interest, it will provide the Consultant with a written statement of the facts leading to that conclusion.

6.3 Confidentiality and Proprietary Information

All materials and information submitted to The City of Atwater under this RFP process becomes the exclusive property of The City of Atwater but, if not otherwise a public record under the California Public Records Act (California Government Code section 6250 et seq.), shall not be open to public inspection. All submissions and other correspondence will be subject to the following requirements:

- The City of Atwater has a substantial interest in not disclosing submissions during the evaluation process. For this reason, The City of Atwater will not disclose any part of the submissions before it issues the Final Notice of Determination. After issuance of the Final Notice of Determination, all submissions will be subject to public disclosure to the extent such information constitutes a public record under the California Public Records Act.
• There are a limited number of exceptions to the disclosure requirements under the Public Records Act, such as for trade secret information. The City of Atwater is not in a position to determine what information in a submission, if any, may be subject to one of these exceptions. Accordingly, if a Consultant believes that any specific portion of its submission is exempt from disclosure under the Public Records Act, the Consultant must mark the portion of the submission as such and state the specific provision in the Act that provides the exemption and the factual basis for claiming the exemption. For example, if a Consultant believes a submission contains trade secret information, the Consultant must plainly mark the information as “Trade Secret” and refer to the appropriate section of the Public Records Act which provides the exemption for such information and the factual basis for claiming the exemption.

• If a request is made for information in a submission that a Consultant has properly marked as exempt from disclosure under the Public Records Act (e.g. information that the Consultant has marked as “Confidential”, “Trade Secret” or “Proprietary”), The City of Atwater will provide the Consultant with reasonable notice of the request and the opportunity to seek protection from disclosure by a court of competent jurisdiction. It will be the Consultant’s sole responsibility to seek such protection from a court. Failure to identify proprietary information will result in all unmarked sections being deemed non-proprietary and available upon public request.

• Any submission that contains language attempting to make all or significant portions of the submission exempt from disclosure or that fails to provide the exemption information required above will be considered a public record in its entirety. Therefore, do not mark your entire submission as “confidential,” “trade secret,” or “proprietary.”

4.4.2 **Verification of coverage.** Prior to beginning any work under this Agreement, Professional shall furnish City with certificates of insurance evidencing required policies delivered to Professional by the insurer, including complete copies of all endorsements attached to those certificates. All copies of policies and endorsements shall show the signature of a person authorized by that insurer to bind coverage on its behalf. If the City does not receive the required insurance documents prior to the Professional beginning work, it shall not waive the Professional’s obligation to provide them. The City reserves the right to require complete copies of all required insurance policies at any time.

4.4.3 **Subcontractors.** Professional shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverages for subcontractors shall be subject to all of the requirements stated herein.

4.4.4 **Deductibles and Self-Insured Retentions.** Professional shall disclose to and obtain the written approval of City for the self-insured retentions and deductibles before beginning any of the services or work called for by any term of this Agreement.

During the period covered by this Agreement, only upon the prior express written authorization of Contract Administrator, Professional may increase such deductibles or self-insured retentions with respect to City, its officers, employees, agents, and volunteers. The Contract Administrator may condition approval of an increase in deductible or self-insured retention levels with a requirement that Professional procure a bond, guaranteeing payment of losses and related investigations, claim administration, and defense expenses that is satisfactory in all respects to each of them.

4.4.5 **Wasting Policies.** Except for Professional Liability insurance policy, no policy required by this Section 4 shall include a “wasting” policy limit (i.e. limit that is eroded by the cost of defense).

4.4.6 **Waiver of Subrogation.** Professional hereby agrees to waive subrogation which any insurer or contractor may require from vendor by virtue of the payment of any loss. Professional agrees to obtain any endorsements that may be necessary to effect this waiver of subrogation. The Workers’ Compensation policy shall be endorsed with a waiver of subrogation in favor of the entity for all work performed by the Professional, its employees, agents, and subcontractors.

4.5 **Remedies.** In addition to any other remedies the City may have if Professional fails to provide or maintain any insurance policies, or policy endorsements, to the extent and within the time herein required, the City may, at its sole option, exercise any of the following remedies, which are alternatives to other remedies the City may have and are not the exclusive remedy for Professional’s breach:
- Obtain such insurance and deduct and retain the amount of the premiums for such insurance from any sums due under the Agreement;
- Order Professional to stop work under this Agreement or withhold any payment that becomes due to Professional hereunder, or both stop work and withhold any payment until Professional demonstrates compliance with the requirements hereof; and/or
- Terminate this Agreement.

Section 5. **INDEMNIFICATION AND PROFESSIONAL’S RESPONSIBILITIES.**

5.1 **General Requirement.** Professional shall indemnify, defend with counsel selected by the City, and hold harmless the City and its officials, officers, employees, agents, and volunteers from and against any and all losses, liability, claims, suits, actions, damages, and causes of action arising out of any personal injury, bodily injury, loss of life, or damage to property, or any violation of any federal, state, or municipal law or ordinance, to the extent caused, in whole or in part, by the willful misconduct or negligent acts or omissions of Professional or its employees, subcontractors, or agents, by acts for which they could be held strictly liable, or by the quality or character of their work. The foregoing obligation of Professional shall not apply when (1) the injury, loss of life, damage to property, or violation of law arises wholly from the negligence or willful misconduct of the City or its officers, employees, agents, or volunteers and (2) the actions of Professional or its employees, subcontractor, or agents have contributed in no part to the injury, loss of life, damage to property, or violation of law. It is understood that the duty of Professional to indemnify and hold harmless includes the duty to defend as set forth in Section 2778 of the California Civil Code. Acceptance by City of insurance certificates and endorsements required under this Agreement does not relieve Professional from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply to any damages or claims for damages whether or not such insurance policies shall have been determined to apply. By execution of this Agreement, Professional acknowledges and agrees to the provisions of this Section and that it is a material element of consideration.

5.2 **PERS Indemnification.** In the event that Professional or any employee, agent, or subcontractor of Professional providing services under this Agreement is determined by a court of competent jurisdiction or the California Public Employees Retirement System (PERS) to be eligible for enrollment in PERS as an employee of City, Professional shall indemnify, defend, and hold harmless City for the payment of any employee and/or employer contributions for PERS benefits on behalf of Professional or its employees, agents, or subcontractors, as well as for the payment of any penalties and interest on such contributions, which would otherwise be the responsibility of City.

5.3 **Design Professionals.** To the extent that the services under this Agreement include design professional services subject to California Civil Code Section
Section 6. **STATUS OF PROFESSIONAL.**

6.1 **Independent Contractor.** At all times during the term of this Agreement, Professional shall be an independent contractor as defined in Labor Code Section 3353 and shall not be an employee of City. Nothing contained in this Agreement shall be construed to be inconsistent with the foregoing relationship or status. City shall have the right to control Professional only insofar as the results of Professional's services rendered pursuant to this Agreement and assignment of personnel pursuant to Section 1.3; however, otherwise City shall not have the right to control the means by which Professional accomplishes services rendered pursuant to this Agreement. Professional shall have no power or authority by this Agreement to bind the City in any respect. All employees and agents hired or retained by Professional are employees and agents of Professional and not of the City. The City shall not be obligated in any way to pay any wage claims or other claims made against Professional by any such employees or agents, or any other person resulting from performance of this Agreement.

Notwithstanding any other City, state, or federal policy, rule, regulation, law, or ordinance to the contrary, Professional and any of its employees, agents, and subcontractors providing services under this Agreement shall not qualify for or become entitled to, and hereby agree to waive any and all claims to, any compensation, benefit, or any incident of employment by City, including but not limited to eligibility to enroll in the California Public Employees Retirement System (PERS) as an employee of City and entitlement to any contribution to be paid by City for employer contributions and/or employee contributions for PERS benefits. Professional shall not allow any employee to become eligible for a claim for PERS benefits.

6.2 **Professional Not an Agent.** Except as City may specify in writing, Professional shall have no authority, express or implied, to act on behalf of City in any capacity whatsoever as an agent. Professional shall have no authority, express or implied, pursuant to this Agreement to bind City to any obligation whatsoever.
