

SEWER MAINTENANCE WORKER II

DEFINITION

Under general supervision, to perform a variety of skilled maintenance, operations, inspection, and repair tasks on the City's sewer collection and distribution systems and storm drain systems for commercial/industrial and residential facilities including motors, pumps, sewer lift stations, sewer mains and sewer lines, catch basins, drain lines, meters, and other equipment; to perform a variety of operations, monitoring, maintenance, and repair work on pumps, sewer lift stations, and associated equipment; and to do related work as required. Serves as Disaster Service Worker. FLSA Status: Non-exempt. Bargaining Group: Miscellaneous Unit.

DISTINGUISHING CHARACTERISTICS

This is the advanced worker level in the Sewer Maintenance Worker class series. This level is distinguished from Sewer Maintenance Worker I by the exercise of more complex responsibilities and greater expertise in maintenance, operations, and repair work on the City's sewer collection and distribution systems and storm drain systems. Incumbents in this class are subject to twenty-four hour "call out" and standby.

REPORTS TO

Sewer Division Supervisor, Sewer Maintenance Worker III, or as assigned.

CLASSIFICATIONS SUPERVISED

This is not a supervisory class.

ESSENTIAL FUNCTIONS

Duties may include, but are not limited to the following:

- Reliable and dependable attendance and punctuality.
- Drives and operates heavy-duty rooting machines, hydra flush trucks, and the rooter/vacuum trucks to remove roots, grease, grit, and debris that clog sewer lines and drains.
- Inspects sewer and storm drain lines with closed circuit television equipment.
- Cleans and services rock wells, catch basins and drain lines, and wet wells at lift stations.
- Responds to emergencies involving wastewater overflows and restores service.
- Operates pumping equipment during emergency bypass operations.
- Repairs and replaces sewer lines, storm lines, catch basins, and rock wells.
- Completes work report sheets and records time for work projects ensuring that information is properly recorded.
- Cleans and services tools and equipment.
- Uses tripods, cranes, harnesses, hazardous gas/air sensor equipment, and ladders to enter confined spaces.
- Sets up barricades, safety cones, flag stands, signs, and arrow boards for directing traffic.

- Operates trucks, dump trucks, backhoes, loaders, rollers, and other equipment as required.
- Installs, operates, maintains, and repairs pumps, motors, booster pumps, and control panels.
- Performs miscellaneous minor repair and maintenance on automotive equipment, small engine, and equipment.
- Performs street sweeper duties as needed.
- Performs training to lower-level staff as required.
- May be assigned to assist other departments or divisions with maintenance and repairs as needed.
- Perform related duties as assigned.

Knowledge of:

- Function and characteristics of gravity/pressure on sewer and storm collection systems and their related structures.
- Terminology, materials, methods, and equipment used in construction, maintenance, and repairs of sewer and storm collection systems.
- Operations and maintenance of technical equipment used for sewer/storm collection systems work.
- Safety and health hazards related to sewer/storm collection systems work.
- Confined space entry procedures required to comply with the California Division of Occupational Safety and Health (DOSH) standards.
- Safe work practices and procedures.

Ability to:

- Operate a variety of complex technical equipment specialized for maintenance of sewer/storm collection systems.
- Understand, follow, and complete oral and written instructions.
- Perform a variety of skilled maintenance and construction tasks requiring prolonged standing, walking, bending, climbing, and/or lifting up to 75 pounds.
- Work in confined spaces and follow confined space entry/egress procedures.
- Perform duties in all weather conditions and at any time as needed including nights, weekends, and holidays.
- Work independently or in a crew situation to investigate and resolve sewer and storm complaints using good judgment and tact with irate citizens/customers.
- Establish and maintain effective relationships with those contacted in the course of work.
- Make sound decisions and demonstrate intellectual capabilities.
- Maintain physical condition appropriate to the performance of assigned duties and responsibilities.
- Maintain effective audio-visual discrimination and perception needed for making observations, communicating with others, reading, writing, and operating assigned equipment.
- Maintain appropriate certifications and licenses as designated by the City of Atwater.

- Know and follow laws, rules, regulations, and environmental requirements applicable to operations and maintenance of sewer/storm collection and distribution and pumping systems.

TYPICAL PHYSICAL REQUIREMENTS

Occasionally sit; frequently stand, walk, stoop, kneel, and crouch; normal manual dexterity and eye-hand coordination; ability to lift and move objects weighing up to 75 lbs.; corrected hearing and vision to normal range; verbal and written communication; use a variety of hand and power equipment and testing equipment used in the utility system maintenance, construction, and operations; use a computer and telephone.

TYPICAL WORKING CONDITIONS

Work is performed outdoors in varying temperatures and weather conditions; some assignments may be performed in a shop or office; exposure to hazardous materials, smoke, gasses, and fumes; exposure to hazards such as moving machine parts and electrical current; continuous contact with other staff.

MINIMUM QUALIFICATIONS

- Must be age eighteen (18) by date of appointment.
- Equivalent to the completion of the twelfth grade.
- Possession of a valid California Commercial Class "B" driver's license with appropriate endorsements.
- Two (2) years of increasingly responsible work experience in operations, monitoring, testing, maintenance, repair, and construction work comparable to Sewer Maintenance Worker I with the City of Atwater; **OR** one (1) year of increasingly responsible work experience as a Sewer Maintenance Worker I with the City of Atwater.
